Materials: Activity Fair Worksheet (In box, attached), Student Handbook (Attached)

Procedure:

1. Begin advisory according to personal preference.
2. Take attendance.
3. Read Announcements.
4. Pass out progress reports.
5. Distribute copies of the Activity Fair worksheet and explain that today's lesson is based on extracurricular involvement. They will need their Student Handbooks for this activity. The Student Handbook is also located on the AG Lesson website.
6. Before breaking into groups, ask students the following discussion questions.
 - How can involvement in extracurricular activities be valuable to students? (Ex. explore interests, social belonging, find others with similar interests, explore purpose, gain motivation, etc.)
 - Ask students to brainstorm a list of clubs or activities in which they would be interested.
7. Separate students into groups of three or four. You may choose to separate them based on interests.
8. Have the groups complete the activity fair questions. Once done lead a class discussion on activities that are available here at the high school.
9. Please collect all worksheets at the end of AG and record grades.
10. Let students know that many of the clubs will have a table set up during Thursday's Request Day/AG session. Each student will be required to attend and collect stamps/signatures from at least 3 different tables.
11. You will be receiving a half sheet of paper that students will be able to collect signatures on. They will need to turn those sheets back into you at the end of the activity fair or the next day depending on your preference.
12. End advisory according to personal preference.

Teachers: Please plan to attend the RIE activity fair with your AG to help with supervision and accountability.
