6. Click on the **"Student Links"** button on the top of the main page.
7. Point out that this page has links to the various websites that students will use throughout their high school experience. The student dashboard is designed to provide quick access to the most common pages.
8. Next point to the **Pinnacle Link**. Pinnacle has a feature to allow students access to their grades, attendance, and assignment information. This can be a very useful tool in managing their academic requirements. This feature is password protected.
9. You have been provided with a letter for any students who have **never** logged into Pinnacle. Remember, if students have used this feature in the past they will **use the same login information as last year.**
10. Please allow students time to login to Pinnacle and answer any technical questions that they may have.

13. End advisory according to personal preference.
