

Scholarships and Grants to Consider

Oregon Promise:

If you have a 2.5 GPA and are planning to attend a community college in Oregon, you should apply for the **Oregon Promise** grant. The information and application can be found here:

<http://www.oregonstudentaid.gov/oregon-promise.aspx>.

Chemeketa Scholars:

If you have a 3.5 GPA and are considering attending Chemeketa Community College, you should apply for the **Chemeketa Scholars** program. The application and steps to apply can be found here:

<http://www.chemeketa.edu/earncertdegree/payingforcollege/aidtypes/scholars/apply.html>

- A few things to note: Application materials **MUST** be hand delivered to Chemeketa between the dates of March 6-10, no later than 5pm. Prior to submitting your application, you must either take the placement test AT Chemeketa or verify that Jr. year SBAC scores meet the placement criteria. Steps to do this can be found on the link above. Copies of SBAC scores can be obtained from Mrs. Valoff in the counseling center. Students should plan on completing this part of the process ASAP in case they need to take the placement test. In order to take a placement test, students need to apply for admissions to Chemeketa if they haven't already done so.

Lastly, there are several scholarship deadlines coming up. Check the SHS Scholarship site to look through the local scholarship list and apply! This can be found here:

<http://silvertonhigh.silverfallschools.org/scholarship-opportunities/>

Tips:

Pay attention to details!

Submit only completed applications

Have someone look over your applications before you submit

Make sure your application is error free

Pay attention to deadlines
