

SHS Forecasting for 2018-2019

Day 3

Outcome: Complete and accurate Forecasting Sheets.

Resources: Forecasting Sheets, Forecasting Sheet Check List

1. Allow students time to complete their Forecasting Sheets. Before leaving class today, the sheet must be complete except for parent/guardian signature (or Special Program* signature or Instructor Approval may still be missing).

NOTE*: students affiliated with support programs (**Special Education, Alternative Education, or ELL**)—must have their respective staff person also sign the Forecasting Sheet.

2. To ensure accuracy, **AG teachers must meet individually with each student** to use the Forecasting Sheet Check List. Also use this opportunity to encourage students to request courses that align with their post-HS goals.
3. **Remind students that complete (including ALL signatures) Forecasting Sheets are due to AG teachers on Wednesday, March 14th.**
